About Project 150

Project 150 is a 501(c)3 nonprofit charitable organization, founded in December 2011 by local businessmen Don Purdue and Patrick Spargur. The two had heard about 150 homeless high school students at Rancho High School in Las Vegas who were in need of support over the Christmas break. Since that time, Project 150 has expanded and now serves more than 2,500 homeless, displaced and disadvantaged high school students in 44 schools throughout Nevada. Project 150 provides these students with food, clothing, school supplies, sports equipment, shoes, college and workforce readiness and other needs so they have what they need to continue school and be successful in life.
